Summary of Telephonic Interview

Dear Sir:

A telephonic interview was held among the undersigned, James F. Hann, attorney for applicant, and Examiners Hall and Neckel on 04 June 2008 from about 11:30 a.m. to 11:40 a.m. Eastern Daylight Time.

Independent claim 1, and the corresponding figures 13-14, relative to US Patent number 6,058,930 to Shingleton was discussed. No other claims were discussed.

The undersigned pointed out that the Examiner's rejection of claim 1 as anticipated by Shingleton includes a discussion of the shade structure and the second mounting. However, it appears that the current rejection of claim 1 is **exactly the same rejection** used in the last office action and fails to account for the amendments to claim 1 relating to the stationary shade structure at a fixed location.

Examiner Hall agreed to conduct another search after receiving a response following the points made during the telephonic interview.

No agreement was reached with regard to any of the claims.

Respectfully submitted,

Dated: 04 June 2008

/James F. Hann/
